

# A DOING RESOUNDS

an anagramic sound poem

by  
David Worrall

On Edgard's nous, I  
searing sound, do  
drag noise sound  
as ignored sound  
goes sour  
and din  
a gross odd ennui  
as sound eroding  
drains ego sound.

Dare I sound song?  
Do sounds regain  
grand noise? Us do  
reading sound  
so  
near sound  
so dig  
age sordid nouns  
sounding ears  
do  
dig reason sound.

Daring sun ode  
so  
gird on sea sound  
rousing Danes do  
rouse and sing, do  
in seadog rounds  
sing our sand ode:

## **SOURING SAND ODE AND GOOD SUNRISE ON DRUID SEA SONG**

Our design, and so  
our sedan do sing.  
A sun-door design,  
a sound design, or  
a design so round.

On guard, **EDISON'S  
NUDE DRAGONS**  
so I  
doused in groans  
and rousing odes  
do a singer sound.

Sending us a door  
assign donor due  
a used donor sign  
as donor sign due  
so design around  
unassigned door.  
No dragon is used  
donor's snug idea  
dragon is nude, so  
no dragon issued.

As our dog Dennis  
is sonar dune-dog  
A sour dog, Dennis  
adores dingo sun  
so darn dingo use  
a dog siren sound.

Dog neurons said  
sedan's gin odour  
aids nose dog run.  
"Dennis, Us road go!"  
I surged, and soon  
goad iron, "Send us!"

Sad ground noise,  
Gas ends in odour,  
our nosing's dead.  
Is our gas donned?

Dead ring. Soon us  
add ring, soon use  
an odd reusing, so  
us dang ride soon  
and I roused song  
on our sad design.

Us Edison Dragon  
used, so dingo ran.  
Dog sure soda inn  
do drug in season.

Dog sound arisen  
on rude soda sign,  
as odour signs end,  
our sign - SODA DEN.

Sadie's noon drug  
did noon user sag,  
so sad groin nude  
did soon user nag.

Dog is nude sonar,  
dog is round sane,  
dog rosined anus  
on duress  
do gain  
danged rosinous  
Grandiose sound!

Dingo sounds are  
odour designs; an  
end-sag-sin odour  
searing sound do.

Resin sound goad,  
in gas odour send,  
sag used inn door  
as dingo-end sour!

Using node roads,  
DUNGEON ROADS is  
dune roadsign, so  
nosing roads due  
do ensuring roads.

Road unsigned so  
no roadsign used.  
Nude roadsign, so  
guess! No road din.  
Nod. On surge, said  
"Darn guides soon!"

Nudges on radio's  
ride-song sound, a  
snug radio's node  
sonar diode sung.

Song rends audio  
as diode run song  
is soon urged, and  
I used song adorn:

*Sad Igor's undone  
using Edna's door,  
no sugar Noddies,  
noir Degas sun.  
So nude Igor sand  
ode sand Igor sun  
sanding door use  
noised Durangos  
noised Durangos  
noised Durangos...*

In sad rodeo sung  
duo Sardine Song  
"Go sardine!" sound  
and rodeos  
using  
doused iron nags  
arode sign sound.

No rude sing-soda  
around side song  
so danseur dingo,  
on grin soda, used  
sordino nudge as  
organ sound dies.

Sun dosed, I groan  
as sun-doged iron  
sad din soon urge:  
"Is grade sound; on  
erosion snug? Add  
sod grade unison  
in used road song?"

So,  
as iron nudged  
gears soon undid.  
"Is goo under sand  
ensuing road sod  
go round sedan? Is  
sand-goo run side  
dangerous?"  
Nod is  
ignored as sound!

No sand guide, so  
on snug roadside  
us roadsign done.  
So  
using end road  
our sedan do sing  
"Undo Design" or  
as  
sour design  
do an  
"Iron, Us Dead" song.

Noon sure did sag  
as odd region sun  
drained us goons.  
Soon sun did rage  
and den us go  
or is  
den our sad song?

No raised sun. Dog  
on a dingo duress  
rouses dingo and  
den guard soon is  
sounder, as dingo  
odes  
rousing DNA  
odours  
a den sign  
rondeau dog sins.

Dingo sonar used  
sand  
or dingo use  
a dog resin sound  
and so dog insure  
nine sad sour dog  
sad dog reunions.

As den dingo sour,  
dingo do snare us.  
Insane dour dogs  
ruin sedan. So dog  
I snare; dog sound  
near sinus do dog  
dingo's ear sound.

Nuns go roadside!  
Guns on roadside!  
Raid soon nudges  
said red gun  
soon  
guided on sonar's  
grin.  
"Us dead soon!"

Soda grin used on  
age sordid nun, so  
as dingo re-sound  
"Dog sore" said nun.  
Soon use grin, add  
dung on said sore.  
Raid sounds gone  
as do dingo nurse.

"Is gun reason odd?"  
"No" nurse said, "dog  
song so arid, nude  
dog-sound is near,  
airgun so sodden,  
undoings so dear,  
roan dingos used,  
I send guard soon.

"I gander sound so  
on guided arsons,  
grade on sound is  
so grained, sound  
grain odes sound  
sound in grade so  
nearing us so, odd  
do a sounder sign".

Soon snug, I dared  
do rondeau signs.  
"Dear, I sound song;  
sing ode as round".  
Round song ideas  
soon nudged airs  
as sound on dirge  
I odd reason sung.

Nun adores God, is  
on duress, doing a  
song under aid, so  
as dire song undo

Non-gourds aside  
drones go unsaid  
sienna gourds do  
gourd sand noise.

Nine soda gourds,  
rondo sueding  
as  
insane gourds, do  
gourd noises and  
ensuing sarod do  
sun-ode saroding.

Dungeons airs do  
unions so graded,  
sadder unions go  
as undoings redo  
and soon is urged  
saudi drone song:

*Ogden's dinosaur  
is an odd surgeon.  
A sordid genus  
on  
good Sudan resin  
does sing around  
rondo gaudiness.*

*On raised sun god  
and using Eros  
do  
dinosaur dens go  
dinosauried song.*

*Sudan groin odes  
dens odious rang.  
A din song roused,  
good nuns raised,  
sad rousing done.*

*Dungeon raids, so  
arousing dens do  
go in undress, do a  
'Gonads or Undies -  
Us Ordained!' song.*

*Song did rouse an  
arid nude song. So  
good in undress, a  
signora sounded!*

*Nun orgies odd as  
do a snoring used.  
Go near odd sinus  
as during, nose do  
side organs undo,  
rousing a sodden  
resounding soda.*

*So drug insane do,  
on sun orgies add,  
a sordid nose gun.  
Rude nosing do  
as  
a nosing rod's due.*

*Nose digs around,  
sinus do groaned  
arousing sod end.  
A souring do send  
a nose sod during  
a sodden souring.*

*So adorned,  
using  
gas in udder,  
soon  
douses groin and  
sin doused organ  
dig nun's sore ado.*

*Drug and noise so  
as dung soon dire  
use odd sin groan,  
do undo snag, sire.*

*On dung raised, so  
a rose song undid.  
Dinosaur's end go,  
as dung noose rid,  
a senior dung sod.*

*Adores undoings.  
Odd urea nosings  
do diagnose runs.  
Round song aides,  
so add urine song.*

*Groan sides undo  
doings so unread,  
used groin sand, O  
dug soon sired an  
android genus  
so  
use android song.*

Orange sun is odd  
so  
during one sad  
raid song  
sun ode  
god undoes rains.

Organs doused in  
dang dour noises  
using a sod drone  
do sad nun orgies  
groan sounds die.

As odd surgeon in  
din-aroused song,  
did so surgeon an  
odd nosing user  
a  
dinosaur  
go send  
darn igneous sod  
radon odes  
using  
doused rain song.

I soon used grand  
groans. I sounded  
noses adding our  
disused organ on  
doused groans in  
radio's dungeons.  
Us gone, android's  
adders go on in us.

So dinner goad us  
end our said song.  
Our ending sad, so  
as donor deign us  
our sane song did  
sound organised  
as so done during  
sounding so read.

Air song sounded,  
said song ode run.  
So drug said none  
nor said ode sung.

Edgard onus is on  
unison so graded  
in us, soon Edgard,  
odd sonar genius  
drags unison odes  
and serious dong,  
redoing sound as  
undoing ear's sod.
