

Our Us

David Worrall

for SH

If you are one as I am one
and we are free to be as we
we'll find a way to go and be
a couple living by the sea.

We'll make our home inside a dome
and have some others spare to roam
word and sound and thought and rhyme
to nestle coastily our mind.

We will be one and two and three
(our friends will come occasionally)
and each by each by other me
we'll live together and be buried side-by-side defiantly facing the Antarctic.
